

## FORTY GRAINS OF QUININE

Eaten by a Three Year  
Old Child at Manilla  
Sunday.

Quick Work Saves its Life—  
Babe Has a Peculiar  
Appetite.

Monday's Shelbyville Democrat says: "Quinine is not usually regarded as possessing attractions for young America, and it is not thought necessary to hide the drug from children to prevent them from eating too much of it. But Manilla now comes to the front with an instance of a three-year-old child who with out the knowledge of his parents took two-thirds of the contents of a one-eighth ounce bottle of the bitter alkaloid.

Yesterday morning, while Mrs. Eph Lowe was working in the kitchen at her home, Fred, the three-year-old son of the household, was playing in some of the rooms in the front part of the house. The youngster had secured the bottle of quinine and had taken most of it before his mother discovered what he was doing. When she first saw him, he was staggering; he was scarcely able to hold his eyes open and every appearance was the same as that of a child who could scarcely keep awake. In his hands was tightly clasped the quinine bottle.

Perceiving at a glance what her son had done, Mrs. Lowe immediately gave him some home remedies and then called a physician. Dr. Green, of Manilla, was soon at hand and administered an antidote. The latter produced the desired result, for today the lad has apparently recovered from his onslaught on the quinine. The occurrence can be seen in its true light when it is remembered that the average dose of quinine for adults is about two grains, and the child is thought to have taken about forty."

## A LIGHT VOTE IS CAST IN ELECTION

School Board Fears it Has  
Gone Against Bond  
Issuance.

The school board is somewhat discouraged at the results of the election held today. A very light vote was cast and the board fears that the election has gone against them. There are many who are opposed to the issuance of bonds for \$40,000 and the report has been spread broadcast that the board asks too much money. Another report has been spread about to the effect that the board will be compelled to mortgage the school buildings in order to secure those from whom the money for their erection is secured. The election has been stubbornly fought today despite the fact that a light vote as been cast. The school board did not get its election board filled until this morning and as a consequence the polls were late in opening for business. The results of the election will be made known tomorrow.

## THE ABUSE OF MEMORIAL DAY

Sacred Memories of the Day  
Should Not be Detracted  
From by Sports.

A circular has been issued by the commander's association of the department of the Potomac G. A. R. calling attention to the uses and abuses of Memorial day, and inviting all those in sympathy with the objects of the day "to abstain from demonstrations that will detract from the sacred memories that cluster around the services of those whose graves we strew with flowers on this one day of the year which should be given over to the men that suffered that we might be a happy, prosperous nation." The circular urges the public conscience to be quickened as to the primary causes that led to the setting apart of May 30th, for the remembering the nation's soldier dead.

## WALLS BEING TORN DOWN

W. T. Lewark Gets Contract For  
Razing School Building—  
Ward Building Considered

W. T. Lewark, who was awarded the contract to tear down the walls of the old First ward school building recently gutted by fire and clean and stack the brick at the rate of \$1.75 per thousand, has a number of men at work and the old building is fast being torn away. The walls are being pulled over with ropes.

The school board is about ready to accept the plans made by Architect Dunlap, of Columbus, and will probably do so at a meeting Thursday night. Several changes have been made in the plans since they were first submitted to the board. The board will receive bids on the contract for erecting this building Tuesday, June 19th. It will be either an eight or ten room building, and will probably be located on the lots on North Jackson street.

## A YOUNG MAN BECOMES INSANE

Philip Allen is Placed in Jail  
to Prevent His Harming  
Himself.

Philip Allen, youngest son of Mr. and Mrs. Charles Allen, of East Eighth street, became violently insane last night and was placed in the county jail to prevent him from harming himself. The young man has been in poor health for some time. An unsuccessful effort was made some time ago to have him placed in the East Haven asylum. This application was renewed today. The young man threatened to kill himself yesterday and when removed to the jail gave his father and the sheriff some trouble when they started to place him in a cell. He imagines that he is a very wealthy man and is inclined to be melancholy.

## THOUGHT TO BE MISTAKE

Man Who Figured in Canyon  
City Tragedy Unknown  
Here.

Kokomo Paper Says He Lived  
at Russiaville—Tragedy  
Horrible One.

A dispatch from Canyon City, Colo., to yesterday's Indianapolis News says: "Weldy C. Baldwin, of Rushville, Ind., yesterday, with a shotgun murdered his bride of five months, and committed suicide in their home here. Mrs. Baldwin, whose maiden name was Margaret Hodges, came from Kokomo. The body of Baldwin was found lying on the floor, the head blown off. A shotgun lay nearby. The wife's dead body was standing nearly upright against the wall, the head shattered by gunshot wounds. It is said the couple were married against parental objection. Baldwin was about thirty-five years old and bore a good reputation."

The address given in the dispatch is thought to be a mistake as W. C. Baldwin is unknown here. The correct version of the matter is probably given in the Kokomo Tribune as follows: "W. C. Baldwin was a farmer. He lived near Russiaville until a few months ago, when he went to Canon City. Mrs. Baldwin formerly was Mrs. Margaret Hodges. She was employed at the store of the Kokomo Dry Goods company until about a year ago, when she resigned, later going to Canon City.

## REVOLT IS ON IN GUATEMALA

The Rebel Troops Cross the  
Border—Barillas in  
Command.

[Special to the Daily Republican.]

City of Mexico, May 29.—Revolutionary troops have crossed the Guatemalan border from the north and from Salvador and British Honduras. They are well armed and equipped. The stated object of these expeditions is to Americanize Guatemala.

Gen. Manuel Leandro Barillas, formerly President of Guatemala, with 200 cavalry and a stock of 700 rifles crossed the Mexican border at a point near Motozintla and is aiming at Quetzatango, a large town garrisoned by Guatemalan regulars. Barillas has great coffee estates in that neighborhood, where he is very popular, and whence he was driven four years ago by President Cabrera.

It is believed that Quetzatango will be taken without much bloodshed.

## TRANSFER FOR R. E. MANSFIELD

Offered Consulate at Beirut,  
Syria, But Has Not  
Accepted.

A Washington dispatch says: "Robert E. Mansfield has been offered the consulate at Beirut, Syria, but has not accepted. He prefers a European position and the State department, in consideration of his record of efficiency in the consular service, is devoting much attention to trying to work out an adjustment that will satisfy him."

Mr. Mansfield is now in Washington and could not be seen regarding the statement in the dispatch

## MANY SALOONS CLOSE IN OHIO

New Aiken Law Increases  
License and Puts Them Out  
of Business.

[Special to the Daily Republican.]

Columbus, O., May 29.—The effect of the Aiken law, increasing the tax on saloons from \$350 to \$1000 a year, is being watched with keen interest. Yesterday was the last day on which application for license could be made, and reports from over the State are coming in.

At Cleveland 20 per cent of the saloons were closed, and it is believed that when the time for the second semi-annual installment of the tax comes around an additional 20 per cent will be closed.

In this county (Franklin) where there were 761 saloons under the old figure, this number was reduced by 126 yesterday. There are, or were, 13,000 such places in the State at the last accounting, and if the are of 20 per cent is maintained, 2600 will be driven out of business.

## LIES IN A VERY SERIOUS SHAPE

Thomas Bowen, Tailor, is  
Suddenly Stricken in the  
Court House.

Thomas Bowen, about fifty years of age, employed by Edward Tyner, the tailor, was suddenly stricken with apoplexy early yesterday morning in the court house. He was removed to the Tyner tailor shop, where he became unconscious. He was then taken to St. Vincent's hospital, Indianapolis, where he still lies in a serious condition.

## THE SALOONS MUST CLOSE TOMORROW

The saloons will remain closed on  
Decoration day, and the man who gets  
a drop of "booze" that day will not  
likely get it in a saloon in Rushville.

The law will be rigidly enforced on the authority of a decision of the supreme court during the last few weeks. Until recently a decision of the supreme court held that Decoration day was not a legal holiday except for commercial paper. In 1905 the statutes were revised covering the subject and two weeks ago a supreme court decision was handed down confirming the statute.

"The saloons will be prosecuted to the full extent," said Prosecutor Kiplinger this morning, "if they attempt to sell liquor." Mr. Kiplinger evidently as men what he says and it is expected that the saloons will comply.

## UNSETTLED CONDITION

A Shift in the Ministry is  
the Expectation at St.  
Petersburg.

Government's Policy of Distri-  
bution of Portion of Public  
Lands May Help Some.

St. Petersburg, May 29.—Rumors of a shift in the ministry are everywhere current. It is persistently reported here and at Moscow that ex-Finance Minister Shipoff has received an urgent summons to Peterhof to confer with Emperor Nicholas, presumably with regard to the formation of a new cabinet, although he has frequently expressed his unwillingness to take over the premiership.

A dispatch from Moscow reports that M. Shipoff left that city late yesterday for St. Petersburg, but that it was impossible to ascertain whether his coming is or is not in response to imperial commands. It is possible that M. Shipoff's only errand is to attend the session of the council of the empire today; but the present situation is so plainly impossible that a shift is not at all improbable. It is also rumored that Prince Urusoff has been summoned to an audience of the emperor.

In the meanwhile the present ministry, among whom there is no Daniel to read the handwriting on the wall in the attitude of the lower house of parliament, is calmly going ahead with its agrarian program, which it hopes to submit to the lower house within a fortnight, and, contrary to expectation, to provide for the distribution of millions of acres of crown lands in European Russia. All this seems to be labor lost, as in the present temper of parliament, which has taken the bit in its teeth, no proposition from the government, however liberal, is apt to receive the slightest consideration.

The government's policy is founded on the expectation that enough land can be obtained by the division of the crown lands, the clearing of a portion of the imperial forests and the voluntary sale of private estates to meet the land hunger of the peasants without the necessity of forced expropriation. Outlining these plans, Minister of Agriculture Stichinsky said that the government already had at its disposal 25,000,000 acres, composed of 10,000,000 acres of crown public lands situated largely in the Volga region; 6,250,000 acres of clearable forests, and 8,750,000 acres of private estates, the owners of which have announced their readiness to sell. Without doubt thousands of other land owners will be only too anxious to dispose of their holdings at reasonable prices. These lands will be sold to peasants on time through the peasants' bank, the payments not commencing for several years.

The program in addition to colonization of Siberia and central Asia, contemplates the improvement of the agricultural methods of the peasantry, which are primitive and unproductive in the extreme, and for bringing the peasants, whose gregariousness leads to their gathering in villages and even in towns of a population as high as 30,000, nearer to their lands.

## ANOTHER REPORT OF A BODY FOUND

But it Proved Not to be  
that of Francis  
Johnston.

Monday's Connersville Examiner says: "A report was received here yesterday to the effect that a body had been found in the Ohio river, near Aurora, and the supposition was that it was that of Francis Johnston. An investigation of the report, however, resulted in another disappointment.

Mr. Johnston this morning telephoned to the coroner of Dearborn county at Lawrenceburg and obtained a description of the body found sufficient to convince him that it was not that of his son.

The body was that of a man apparently about middle aged. He wore a pair of shoes and in his pocket was a card showing that he was a member of some union."

## A BIG CROWD SEES CIRCUS

Van Amburg's Show Exhibits  
in This City Today—Credit-  
table Street Parade.

A crowd of some 2600 people was in the city today, the attraction being Van Amburg's circus, one of the oldest and most reliable on the road. Several stands occupied space on the downtown streets and red lemonade, peanuts and cracker-jack sold freely. The crowd was an orderly one and the police were given little trouble.

The show gave a very creditable street parade at noon that was six blocks in length. The parade was made through the business section of the city, approaching by way of Second street from the West Third street show grounds and returning by way of Third street.

The show arrived here at 4 o'clock this morning over the Big Four from North Vernon, where it did a big business yesterday. The show travels on a train of twelve cars. The unloading was done at the First street crossing and was witnessed by the usual crowd. This afternoon's performance was attended by a big crowd.

H. C. Bell, one of the managers of the show and a most accommodating gentleman, in showing a representative of his paper about the various tents today said: "In some way the impression has gone abroad in Rushville that our show is a part of the Ringling show. We hear of this everywhere we go, but there is no truth in the report. Van Amburg's circus has been on the road 71 years. We have been traveling by rail but five years and we are a small show, but every attraction is of the cleanest and highest order. Our talent is the best that can be had."

Mr. Bell says that the show wintered this year in Georgia. It has been on the road since early in April and goes from here to Shelbyville via Greensburg. The show is a one ring show, but the acts are of exceedingly high order, it is said, by some who attended the performance this afternoon. Another performance, following a band concert up town this evening, will be given, commencing at 8 o'clock. A. R. Wheeler, an all round musician and pleasant gentleman personally, is leader of the band.

The couple were married April 14, 1904, and separated July 14th, 1904. Dr. Charles B. Grover, of Greensburg, is accused by the plaintiff with living with the defendant at the present time. ## NO MERCY FOR SENATORS

Canfield Expected This Class of Patrons to Pay in Full.

New York, May 29.—In the trial before Judge Newburger of the suit brought by John Delahanty against R. S. Canfield for \$59,000 for legal services growing out of the raid upon the latter's gambling house in East Forty-fourth street in 1902, Delahanty testified regarding the settlement of three notes for \$100,000 each in the possession of Canfield. The name of the maker of these notes was not divulged. He was only described by the witness as "a man under twenty-one years of age."

Delahanty said that after prolonged negotiations a compromise was reached and the notes were surrendered on the payment of \$130,000. Delahanty also testified that Canfield had told him that his annual income was \$500,000. He said that Canfield kept in the safe in his establishment securities to the value of \$1,000,000, as well as certain letters which Canfield's manager told him meant "social ruin to certain people."

A cablegram was read at the trial written by Canfield in which he said, "The senator must pay in full." Asked if the senator was a United States senator, Mr. Delahanty replied in the affirmative, but here inquiry was shut off owing to objections of opposing counsel.

## TO RAISE THE PRICE OF ICE

Rushville, Shelbyville, Columbus, Franklin and Seymour Interested.

Two of the principal advisers that are dished up to a sweltering public gratuitously by the wise ones during the heated term are "keep cool and don't worry," but how in the name of reason and consistency is a fellow going to heed this advice in Rushville when a raise in the price of ice is staring him in the face. A movement has been started among the ice manufacturers in Columbus and a few neighboring cities, the aim of which is to raise the wholesale price of ice one dollar on the ton on the first of June.

Among the cities that are in this proposed combine are Columbus, Rushville, Franklin and Seymour. The advance of one dollar per ton in the price of ice will mean five cents on the hundred pounds to the dealers and a decidedly smaller hunk of ice to the consumer for his money. However, this combination has not yet been fully formed nor has the raise in the price been definitely settled, and it is barely possible that the manufacturers that are in the deal may not succeed in getting together.
